

IPSOFACTO IT SERVICES IS YOUR SUCCESS!

LET US HANDLE THE DETAILS, YOU FOCUS ON BUSINESS.

ANDREESSEN HOROWITZ PARTNERS WITH IPSOFACTO.

Andreesen Horowitz, a Silicon Valley venture capital firm with 140 employees, partners with IPSOFACTO to manage their network. In our 7 year relationship, there have been many projects of varying sizes. One of their first concerns was creating a robust and secure wireless network. IPSOFACTO successfully prepared and executed the project.

NETWORK SETUP AND SECURITY FOR A LARGE VC FIRM

NETWORK SETUP

Internal server and network to provide more processing power, efficiencies, centralized data management, backups, and shared devices.

NETWORK SECURITY

The protection of the usability and integrity of this network and data was vital. We effectively have managed access, threats and crashes of the network, hardware and software.

RESPONSIBLE

Verbs and Shapes, IPSOFACTO holds itself accountable to say and deliver as promised, on time and in scope.

CASE STUDY PHASES

- 1 INITIAL USE CASE**
Assessed needs and designed new network. Researched appropriately secure technology.
- 2 SECOND PHASE**
Coordinated with electrical and cabling subcontractors.
- 3 THIRD PHASE**
Prepared server room layout. Installed and configured all networking equipment.
- 4 FINAL PHASE**
Deployed new network and provided training where necessary
